

THE FRANKLIN FIVE

- REMEMBER MOM**
You can never repay your mom for all she's done for you over the years, but you can at least tell her that. This year, make sure she knows you appreciate her and notice her efforts.
- PRACTICE HABIT THREE**
Put first things first. That sounds easy enough, but it can be really hard with so many things masquerading as important. Find quiet time each morning, free yourself from distractions, and plan your most important activities. This includes time to strengthen yourself.
- GARDENING RULE OF THUMB**
Mother's Day weekend is the usual time to plant your vegetable garden if you live in a temperate zone. Usually by then, you are past the risk of frost and you still have plenty of growing season left to have a good harvest. Get your seeds and plants ready and start digging in the dirt. But don't get so busy that you forget Mom.
- DRINK WATER EVERYDAY**
Are you drinking enough water? If not, it's time to start. Water is important to our wellbeing and health. Purchase a new water bottle and keep it full and with you at all times, so it's easier to drink in those precious drops.
- SUMMER ANTICIPATION**
Vacations don't plan themselves. Meet with your family and review vacation dates that align with everyone's work and extracurricular schedules.
